DETAILED ACTION

1. Claims 1-6, 8-11, 13 and 16-20 are pending in the application, claims 16-20 are withdrawn from consideration.
2. Amendments to the claims, filed on April 13, 2006, have been entered in the above-identified application.

REJECTIONS REPEATED

3. The 35 U.S.C. §102 rejection of claims 1-6, 8-11 and 13 over Murata et al. (U.S. Patent No. 5,302,463) is repeated for reasons previously made of record in the office action mailed December 13, 2005, pages 2-3, paragraph #5.

ANSWERS TO APPLICANT'S ARGUMENTS

31. Applicant's arguments in the response filed April 13, 2006 regarding the 35 U.S.C. 102 rejection over Murata of record have been carefully considered but are deemed unpersuasive.

Applicant argues that claim 1 has been amended to include subject matter from claims 14, 7 and 12. Specifically that now claim 1 recites, "the rough surface portion is further provided on at least one of the surface inside the groove in the side wall portion."

Murata points out the inside of the glass run channel may also be provided in the groove in a relatively broad space (col. 20, lines 28-40). Therefore, the rough surface portion extends beyond the contact points and incorporates the side wall portion. Furthermore, Applicant does

Art Unit: 1772

not claim whether the rough surface portion extends over the entire side wall or just the portion, like the corner.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
